

# **BOTOX® Frequently Asked Questions**

## **1. What is BOTOX® Cosmetic?**

BOTOX® Cosmetic is a simple, non-surgical procedure that smoothes the deep, persistent lines between your brows that develop over time. It is a treatment that is generally only administered by a physician or authorized health care professional.

## **2. How much does it cost?**

The cost of treatment varies by patient, depending on the amount of BOTOX® Cosmetic required for the patient. It varies by gender and the type of wrinkles being treated. Men generally require more than women/women generally require less than men. This is something that you should talk to the physician about. Would you like to make an appointment for a consultation?

## **3. How long does it take?**

Generally, after the initial consultation, the treatment only takes about 10 minutes. The benefit is that there is no downtime - most people return directly to work or normal activity following treatment.

## **4. How is it administered?**

Tiny injections of BOTOX® Cosmetic are administered by a trained physician (or other authorized health care professional). You will need to speak to the physician for more details about this. Would you like to make an appointment for a consultation?

## **5. Does it hurt?**

Discomfort is minimal and brief - most patients compare the sensation to a bug bite. The physician may choose to use a local anesthetic cream or ice to minimize this, but in general, it is not a prolonged pain. Once the injection is complete, there is usually no discomfort. It is best if you speak to the physician about this. Would you like to make an appointment for a consultation?

## **6. How does it work?**

BOTOX® Cosmetic relaxes the overactive muscles whose repeated contractions cause the lines between your brows to form. Within days, you'll see a marked improvement, which may continue to improve for as long as a week. You will be able to frown, smile, or look surprised, without the furrows, creases, and wrinkles. The doctor can explain this to you in greater detail. Would you like to make an appointment for a consultation?

## **7. How long does it last?**

BOTOX® Cosmetic lasts up to four months.

## **8. Will my lines look worse if I choose not to continue treatments?**

No. Your lines will gradually revert to their pre-treatment appearance.

## **9. Is BOTOX® Cosmetic right for me?**

If you're between the ages of 18 to 65 and if doing all you can to look your best is important to you, BOTOX® Cosmetic may be for you. If reducing those tough lines between your brows would make you feel more approachable, BOTOX® Cosmetic may be for you. We find many ordinary people - teachers, mothers, and business people from all walks of life have discovered the benefits of BOTOX® Cosmetic. The physician can help you decide if BOTOX® Cosmetic is right for you. Would you like to make an appointment for a consultation?
