

## Important Information for Contact Lens Wearers

---

### Guidelines prior to surgery

If you are a contact lens wearer, please remove your lenses prior to your refractive surgery evaluation appointment using the following guidelines

#### **1 Week Prior to Appointment**

All soft daily wear and extended wear lenses

#### **2 Weeks Prior to Appointment**

All gas permeable hard lenses

**Note:** After your refractive surgery evaluation, if you wear soft extended wear lenses you may resume wearing your lenses up to 2 days prior to your surgery. you may not exceed 12 hours per day.
