

**Important Information
for Contact Lens
Wearers**

Guidelines before surgery

If you are a contact lens wearer, please remove your lenses prior to your refractive surgery evaluation appointment using the following guidelines

1 Week Prior to Appointment

All soft daily wear and extended wear lenses

4 Weeks Prior to Appointment

All gas permeable hard lenses

Note: *After your refractive surgery evaluation, if you wear soft extended wear lenses you may resume wearing your lenses up to one week prior to your surgery. You may not exceed 12 hours per day.*
